**In Burley Society Over Retention
of 10 Per Cent. of Receipts.**

Trouble has arisen in the ranks of the Burley Tobacco Society over the retention of 10 per cent. of the receipts of sales to pay the expenses of the Society's organization.

A meeting was held in Cincinnati which was attended by President Clarence Lebn and fifty growers.

Members of the organization say 10 per cent. of the gross receipts is too large a tax.

Some idea of the magnitude of this 10 per cent. may be imagined when it really means that the officials want one hoghead in every ten for expenses. If they have 100,000 hogheads it means that the Society will have to cough up 10,000 hogheads of tobacco worth \$1,500,000.

At Cincinnati, Thomas Mackey and Richard E. Bray, Administrators of the estate of the late Father John M. Mackey, filed an application with the Probate Court for permission to advertise and sell a lot of religious and theological works which were included in the late Priest's library. They set forth that the books are of great value to students and others connected with the Catholic Church, and they ask authority to send out circulars to the Clergy and Church people, calling their attention to the works and where they will be on exhibition.

The baby alligator, although diminutive, being about twelve inches in length, is vicious and mean looking, all the same. It is fed once a week in summer and during the winter it fasts during the entire season. They live to a great age, over one hundred years, and grow in size to weigh 300 and a 1,000 pounds. Mr. Manchester has the reptile on exhibition at his business place, corner Third and Sutton.

The White House Fishing Club of Newport, composed of Thomas J. Evans, John J. Higgins, Hub. Fox, Thomas Haskins, Walter M. Butler, William F. Kaiser, Otto M. Geiger, Theo. H. Gerding, Thomas M. Dichen, M. F. Bradley, M. J. Flannery, George H. Gaffey, George H. King and George B. Myers, all jolly good fellows, paid this city a visit yesterday. They were returning home from their annual duck hunt, having spent a week cruising in the waters of the Upper Ohio in their natty gasoline launch.

The expedition was evidently a successful one, as they had plenty of game aboard. After spending several hours here they resumed their homeward journey.

MISSION FIELD

**Charitably Inclined People Asked to
Visit Grave Alley**

The forlorn, desolate and destitute condition of the dozens of Grave alley, victims of Wednesday's cloudburst, is a pitiable one indeed, and few, if any, who view their sad plight but can sympathize with them in their misfortune and deep distress.

If ever an opportunity presented itself where Christian charity might extend aid worthily bestowed it is right here where poverty and woe are rampant.

Here is a Foreign Mission field right here at your door that needs assistance, both spiritual and temporal—and at this particular juncture, considerable of the latter.

To those inclined in righteous deeds a visit there will cause a shudder to seize you when your eyes open to the real needs of immediate assistance. Gaunt and hungry children, cheerless abodes, and misery meet you every step and turn, and you wonder that such things exist right here in Maysville.

Investigate, and if you find the picture not overdrawn, lend your assistance in bettering their condition and surroundings.

CALL FOR REPUBLICAN CONVENTION.

Pursuant to instructions from the Ninth District Congressional Committee, the Republicans of Mason county are called to meet in mass convention at the Courthouse in Maysville on Saturday, April 4th, at 1 o'clock p. m., standard time, to select delegates to the Congressional Convention to be held at Grayson on April 8th for the purpose of nominating a Republican candidate for Congress in said District.

W. D. CURRAN, Chairman.

Maysville, Ky., March 26th, 1908.

The latest is "Merry Widow Icecream." That's not so warm.

It appears to be settled that Congress, and not a Commission, will grapple with the Tariff question.

AFTER reading much of the capers of ANNA GOULD, there is much sympathy expressed for little Count Boni after all.

SOMEBODY has perpetrated this: "Massachusetts makes shoes and boots while Kentucky makes booze and shoots."—Nashville Banner.

THE esteemed contemporaries who are inquiring, "Can TAFT be elected?" are evidently convinced that he will be nominated.—Portsmouth Blade.

THE only way to tame that fellow CASTRO would be to import, naturalize and assimilate him, and then elect him to Congress.—Philadelphia Ledger.

A BILL to substitute electricity as the mode of inflicting the death penalty in the District of Columbia was introduced in the House by Mr. TAYLOR of Ohio.

STRONG pressure is being brought to bear on members of Congress, and especially on Speaker CANNON, to have the Aldrich bill defeated or radically amended.

It should be noted that the free trade papers are much concerned about the decline in our imports, but do not appear to express any serious concern about the decline in our domestic trade and industry.

At Washington City prominent Democrats who are inimical to BRYAN declare that the best plan is to give the "peerless one" "all the rope he wants and he will hang himself, and then the Democratic party will have a chance to win, some day."

SENATOR LAFOLLETTE's Tariff platform is for revision downward and all along the line and no revision upward. It is a safe prediction that he will not get the Republican Presidential nomination on that platform this year, and probably not in 1912.

"THE Kentucky night riders are looking for new States to conquer, and are threatening Cincinnati," says The Philadelphia Press. "If they begin to operate outside Kentucky they must expect to find it different." They undoubtedly would. This journal has no desire for bloodshed. The night riders should select a time for their raid when the Ohio river is at a drowning stage. Then the police could dispose of the enterprise by throwing the riders and their horses from the Suspension Bridge.—Cincinnati Enquirer.

It has been patent for several weeks that opposition to a candidate favoring the Roosevelt policies has collapsed. Day after day we have delayed laying the true situation before our

Knox. But to remain silent longer would be to do to Senator Knox no good, while doing to ourselves the injustice of self-stultification.

There is nothing today more humanly certain than the nomination of WILLIAM H. TAFT on June 16th at Chicago.

This is shown not so much by tabulation of the delegates already elected—though that in itself constitutes fairly positive proof—as by the knowledge we have that a majority of the members of "favorite son" delegations are for TAFT, and would have declared for him if he had not opposed the invasion of those States.

On the second ballot,—if there be a second ballot,—should the leaders of delegations from those States attempt to hold the delegates from TAFT, their ranks will look like a frame house immediately after being struck by lightning. But the chances are that the leaders will be struggling at the moment to be among the first to "make it unanimous."

Pennsylvania's duty in the matter is clear: Senator Knox should, and will, receive the 68 votes of the State. The knowledge that PENROSE has used the Knox candidacy to aid himself is not sufficient reason for not paying to Senator Knox this well-merited compliment.—Philadelphia Public Ledger.

II. PECK'S INTERPRETATION OF IT.

SMASH PAPER TRUST

Speaker Cannon Going After the Octopus With Every Power of the Government.

WASHINGTON, April 23.—Speaker Cannon today introduced resolutions directing the Attorney General and the Secretary of Commerce and Labor to inform the House what steps have been taken by those Departments to investigate the action of the International Paper Co. of New York and other corporations supposed to be engaged in an effort to create a monopoly in print paper.

In a statement Mr. Cannon said if the claims of the publishers are correct the manufacturers of paper are subject to penalty and the "Trust" can be dissolved in the U. S. Courts.

There was ice this morning.

Editor John C. Wood of The Mt. Sterling Gazette will succeed J. W. Hadden as Public Printer.

Attorney C. B. Morford of Ewing, in the Circuit Court yesterday was admitted to the Mason County Bar.

Jailer George W. Jody of Bourbon county was here Wednesday after Jesse Murray, a Negro who made his escape from the Workhouse at Paris several months ago. Murray, after obtaining his liberty, went to the residence of A. J. Skillman, near Cane Ridge, Bourbon county, with whom he formerly resided, and robbed the house of clothing and a gold watch. Murray will now be put at hard labor at Paris and a careful watch put over his every movement while on duty.

53 FEET EXPECTED

Fourth Flood in the Ohio Causing Untold Loses and Thousands Have to Move Again

Move at once if you are within the fifty-three foot stage.

Forecaster Bassler Thursday sent out a warning to people along the Ohio river. He says the water from the Kanawha, Big Sandy and other tributaries will cause a stage of fifty-three feet and possibly a little more in the Cincinnati harbor by Friday night.

That stage will not last very long, probably not more than twenty-four hours, but it will cause great inconvenience and some damage. At the fifty-three foot stage the water begins to enter hundreds of homes in Cincinnati, Maysville and other cities.

The Central Union Depot at Cincinnati will be abandoned after the river reaches fifty-three feet today.

LOCAL SITUATION.

Four floods in one year and all within seventy days is a new record established by our eccentric but otherwise beautiful Ohio river.

In early days the river seldom ever reached a flood tide more than once a year and often skipped a year without any.

It is said by those who presume to know whereof they speak that the reason we are having floods so frequently is because the hillsides have been devastated of forests and there is not even soil left to stop the rains.

Whatever may be the cause, a flood in each of the first four months in the year is entirely too much, and then such a thing as a June rise, and even one in August, is not an improbable occurrence.

It is almost a certainty that the present rise will exceed the preceding ones of this year by several feet, and a 53-foot stage is likely to occur—just enough to inundate the homes of the dwellers on Front street in Aberdeen.

Aside from the discomforts arising in the water invading homes the loss sustained by farmers in the lowlands will be no inconsiderable amount.

THE STORM IN LEWIS

Much Damage to Buildings and Other Property Reported

AT FEARIS.

Wednesday about 2:30 p. m. Fearis was visited by a heavy rainstorm. The clouds came up from the West and were three or four colors, the rain cloud white and buff color. The lightning was very vivid and thunder very sharp and loud. The rain poured and seemed to fall in sheets for 15 or 20 minutes. It slackened up and then hailed a few minutes. The water seemed to lay on the ground, hill and valley before it started to run. Fry Branch empties in the East Fork at this point, where it was spanned by a good bridge. The M. E. Church stood on the West side of the branch. The water took one section of the bridge; the other was held by some means. The water floated the Church off its foundation 80 or 100 feet, lodging it across the turnpike. The footbridge across the main creek was washed down by drift wood. About all the wire fences along the creeks were washed down. The water was 18 inches deep in John Fearis's storeroom, and the goods belonging to Adams & Higgs got damaged. The water was not so deep in the West Store where Adams & Higgs holds forth. There were many houses flooded but no lives lost. The damage is hard to estimate at present, but will sum up to several thousand dollars at this point.

P. S.—These floods will cause the rail routes to be changed there in the next three months, and knocking the present four year contract out.

A. S. COLE.

AT BOGGS

The cloudburst which visited this place Wednesday afternoon did much damage. Union Creek was higher than it was ever known, washing out a great amount of fencing and bursting through Mrs. Cracraft's barn. Water was several feet deep in the tobacco barn of G. W. Barkley, and only the presence of mind of H. C. Ferguson saved two horses, wagons and lambs. One wheel of a new vehicle was washed. Mr. Barkley, who was endeavoring to save some lambs, was caught in the water, and stood for some time with several lambs in his arms before he could get out. The Oak Hill was damaged so extensively by a branch that it was unpassable. The water was around the residence of Mr. John McCarahan. Reports from Fearis and other points North of here say the flood was much worse there.

A bars, most all the bridges, cows and

other property were washed away on East Fork of Cabin Creek. The water was several feet deep in some of the dwellings. Our mail was stopped again, but we are fortunate in escaping as well as we did. G. W. Barkley had some hogs and chickens to drown.

SUFFERED WITH ECZEMA 25 YEARS

Limb Peckled and Foot Was Like Raw Flesh—Had to Use Crutches, and Doctors Thought Amputation Necessary — Montreal Woman Writes of Cure Seven Years Ago.

BELIEVES LIFE SAVED BY CUTICURA REMEDIES

"I have been treated by doctors for twenty-five years for a bad case of eczema on my leg. They did their best, but failed to cure it. My doctor had advised me to have my leg cut off, but I said I would try the Cuticura Remedies first. He said, 'Try them if you like, but I do not think they will do any good.'"

At this time my leg was peckled from the knee, my foot was like a piece of raw flesh, and I had to walk on crutches. I bought a cake of Cuticura Soap, a box of Cuticura Ointment, and a bottle of Cuticura Pills. After the first two treatments the swelling went down, and in two months my leg was cured and the new skin came on. The doctor could not believe his own eyes when he saw that Cuticura had cured me and said that he would use it for his own patients. I used two cakes of Cuticura Soap, three boxes of Ointment, and five bottles of Resolvent, and I have now been cured over seven years, and but for the Cuticura Remedies I might have lost my life. I have lots of grandchildren, and they are frequent users of Cuticura Soap and I always recommend it to the many people whom my business brings to my house every day. ELMENDORF FIRE

Thirty-three Brood Mares Burned in Barn By An Incendiary

Not a Single Animal Saved. Summitt and Garterless Among the Victims

Thirty-three thoroughbred brood mares, eleven colts and circle stable No. 2, located on the farm formerly owned by Tom Hill, were completely destroyed by fire, the origin of which is incendiary, at Elmendorf last night. The loss is a serious one, the thoroughbreds being some of the most valuable animals owned by James B. Haggin at his Fayette county farm.

The barn was about 300 feet in diameter, constructed of wood and of sufficient size to comfortably house forty brood mares and as many colts. The building was valued at about \$6,000, the loss being partly covered by insurance.

THIRTY-ONE MARES IN FOAL.

The thoroughbred mares were all in foal except two.

The fire was first discovered by Mrs. C. H. Berryman about 9:45 o'clock. Mr. and Mrs. Berryman were entertaining a number of guests for the eve-

ning. Mrs. Berryman went to the front door and discovered the fire at the barn, which is located about a mile Southeast of Elmendorf.

DECEPTION IN REPORTS.

Two Succeeding Reports of Same Institution Show Peculiar Differences.

A comparison of the reports of the municipal electric light plant of Allegheny for the years 1904-05 and 1905-06 reveals one of the most barefaced attempts to deceive the public that has yet come to our notice. The managers of this plant had deemed it necessary to show a lower cost for street lights than was paid by the adjacent city of Pittsburg to a private company. Up to 1904-05 this had been accomplished by omitting the charges for water, lost taxes, part of the interest and some minor items and by charging only 5 per cent for depreciation. In that year they showed a "cost" of \$83.44. At that time, however, the charge for street lights in Pittsburg was reduced from \$96 to \$76 a year.

In order to meet this bona fide reduction on the part of the Pittsburg company the item of depreciation was omitted from the next report of the Allegheny plant, and a "cost" of \$65.01 was thus shown. This would have been bad enough, but the matter was made worse by this statement, which appeared above the table of costs: "The following charges cover the matter completely." This statement, which is false, as shown by previous reports of the same plant, has been reported in subsequent reports.

While this is an extreme example of official deceit, it is only a little more brazen than scores of similar reports which are being put out annually ostensibly to give the citizens of various cities information in regard to their municipal plants, but the real object of which is to prevent their knowing how expensive is municipal management compared with the average prices obtained by contract with private companies.

A Rather Broad Hint.

There is quite a difference of opinion on the subject of municipal ownership. There is no mistaking the fact that it is next to impossible to get a set of councilmen that will attend to municipal affairs in the same spirit they will their own affairs. That this is the position of the average man there is no denying. Settling aside all differences of opinion, it is safe to say that the plant here has furnished good service both in water and light. That the plant has been run at a loss is no reflection on the plant. The business is here, but no business in existence was ever so successful if a lot of people can get service for nothing, and the sooner this is understood the better it will be for this town.—Editorial in Summitville (Ind.) Reporter.

ERNST AND COCHRAN CONFER AT LEXINGTON

Both Feel Much Encouraged Over the Prospect of a Delegation Pledged to the Secretary of War—Address to the Republicans to Be Circulated

Lexington Leader.

Hon. Richard P. Ernst of Covington, Chairman of the Republican State Central Committee and leader of the Taft forces in Kentucky, who attended the Forman-Brent nuptials Tuesday night with Mrs. Ernst and their daughter, Miss Sarn, held a conference at the Phoenix Hotel after the wedding with Hon. Wm. D. Cochran of Maysville, who is in charge of the Taft organization bureau in Kentucky and has opened headquarters in this city. He was also called upon while here by a number of local Republicans, and Presidential politics was naturally discussed.

Mr. Ernst and Mr. Cochran are exceedingly hopeful of Kentucky, and any they have no doubt it will be practically solid for Judge Taft. Senator-elect Bradley's activity has given some new life to the Fairbanks element, but the fact which grows more apparent every day that the Vice-President will not have a vote outside of his own State makes his candidacy hopeless and shows how absurd it is to rend the Republican party in Kentucky in attempting to secure instructions for a candidate who is beaten before he starts.

Judge Taft will visit Kentucky on Friday, April 10th, and deliver a speech in Louisville, probably in the middle of the day. A tremendous crowd is expected to hear the War Secretary.

The Taft organization is preparing an address to the Republicans of Kentucky, which will be ready for issuance in a day or two. It will be handled in large quantities by Mr. Cochran's bureau.

INFORMATION

About a Reliable Medicine

We want the people of Maysville to know that we believe the most valuable cod liver preparation—the best tonic reconstructer, health restorer and strength creator known to medicine today is Vinol.

Vinol is not a patent medicine as everything it contains is named on the label of every bottle. We guarantee Vinol contains beside tonic iron all of the medicinal curative and body building elements of cod liver oil actually taken from fresh cod's livers, but without a drop of the useless oil to clog the system, upset the stomach and retard its work. This is why Vinol is so far superior to old-fashioned cod liver oil and emulsions.

Vinol is guaranteed by over 5,000 leading druggists of the United States to create health and strength for old people, weak, sickly women and children, nursing mothers, and after a severe sickness, and for hacking coughs, chronic colds, bronchitis and throat and lung troubles.

Try Vinol on your guarantee.

NIGHT RIDERS BUSY

The Destruction of Plant Beds Continue All Over the State

A report has reached Owensboro to the effect that grass seed had been sown in the tobacco beds of 14 farmers on the Davies-McLean county line.

No favorites were played, the grass appearing in the association and independent beds alike.

In several counties plant beds have been ruined with salt.

TWENTY-TWO INDICTED.

Twenty-two night riders have been indicted at Kenton, 11 for murder in the Birmingham raid in which two Negroes were killed. Seven have been arrested and are out on bond.

One night rider killed in the Birmingham raid was buried on the bank of the Tennessee river. Citizens of Benton are armed for the protection of the Grand Jury and officers conducting the investigation. A raid on that town is expected every night.

At Stanford The Interior Journal serves notice on the night riders to keep out of Lincoln county.

At Uniontown night riders drove twenty Negro families from the farm of Alf Johns, burned a house and shot up the place.

HIDDEN DANGERS.

Nature Gives Timely Warnings That No Maysville Citizen Can Afford to Ignore.

DANGER SIGNAL No. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy or a thick, red, ill-smelling urine, full of sediment and irregular of passage.

DANGER SIGNAL No. 2 comes from the back. Back pains, dull and heavy or sharp and acute tell you of sick kidneys and warn you of the approach of dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently.

Here's Maysville proof:

Mrs. Harvey Lyons, living in the Western part of Maysville, Ky., says: "In my estimation Doan's Kidney Pills are an ideal kidney remedy, and I have no hesitancy in so expressing myself. My husband was bothered a great deal by a severe pain across his back, and although his condition was never so serious that he was obliged to lay off from work, he nevertheless was in misery. An added source of annoyance was the irregular action of the kidney secretions, this symptom denoting that his trouble arose from disordered kidneys. Being advised to try Doan's Kidney Pills, he procured a supply at J. J. Wood & Son's Drugstore, and they acted just as beneficially in his case as in many others that he had read about. A short use entirely cured him, and up to the present time there has been no return of the trouble. Recently I was suddenly afflicted with a similar trouble, but began taking Doan's Kidney Pills, and from the beneficial result already received I look forward to a complete cure."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Colonel T. F. Ellis Shortly to Assume New Position

The many friends of Colonel T. F. Ellis, formerly of Aberdeen and Mayville, will read with pleasure the following taken from the issue of The Alexandria (Va.) Gazette of March 30th:

"Mr. T. F. Ellis, the gentlemanly proprietor of the news stand and information bureau in the Mt. Vernon Railway Station in Washington, will be the new agent at Mt. Vernon for the Railway Company on or about the 25th of April. Mr. Ellis will also conduct the cafe and souvenir business down there. He is peculiarly fitted for the position he is about to assume; having traveled a great deal, at one time being on the road as a traveling salesman for a Richmond firm. His acquaintance is large among the patrons of the railway, who are pleased to learn of his success, brought about by strict attention to his business and courteous treatment to the traveling public, and we hope further honors await him."
